You don't often get email from daniel.beard@vermont.gov. [Learn why this is important](#)

Good Morning folks.

The Agency of Transportation, Structures Department, has gotten the Interstate 89 bridges 56 n/s (Exit 11 overpass), 57 n/s (over the railroad and Verburg rd.), 58 n/s (over the Winooski River & Johnnie Brook rd.), & 59 n/s (over Kenyon rd.) on their list for scoping in a single project.

As such, we would like to get the towns input on these structures and other concerns that the town might have.

Attached is a questionnaire that can assist us with this. If you could forward this to interested parties inside the town that we missed.

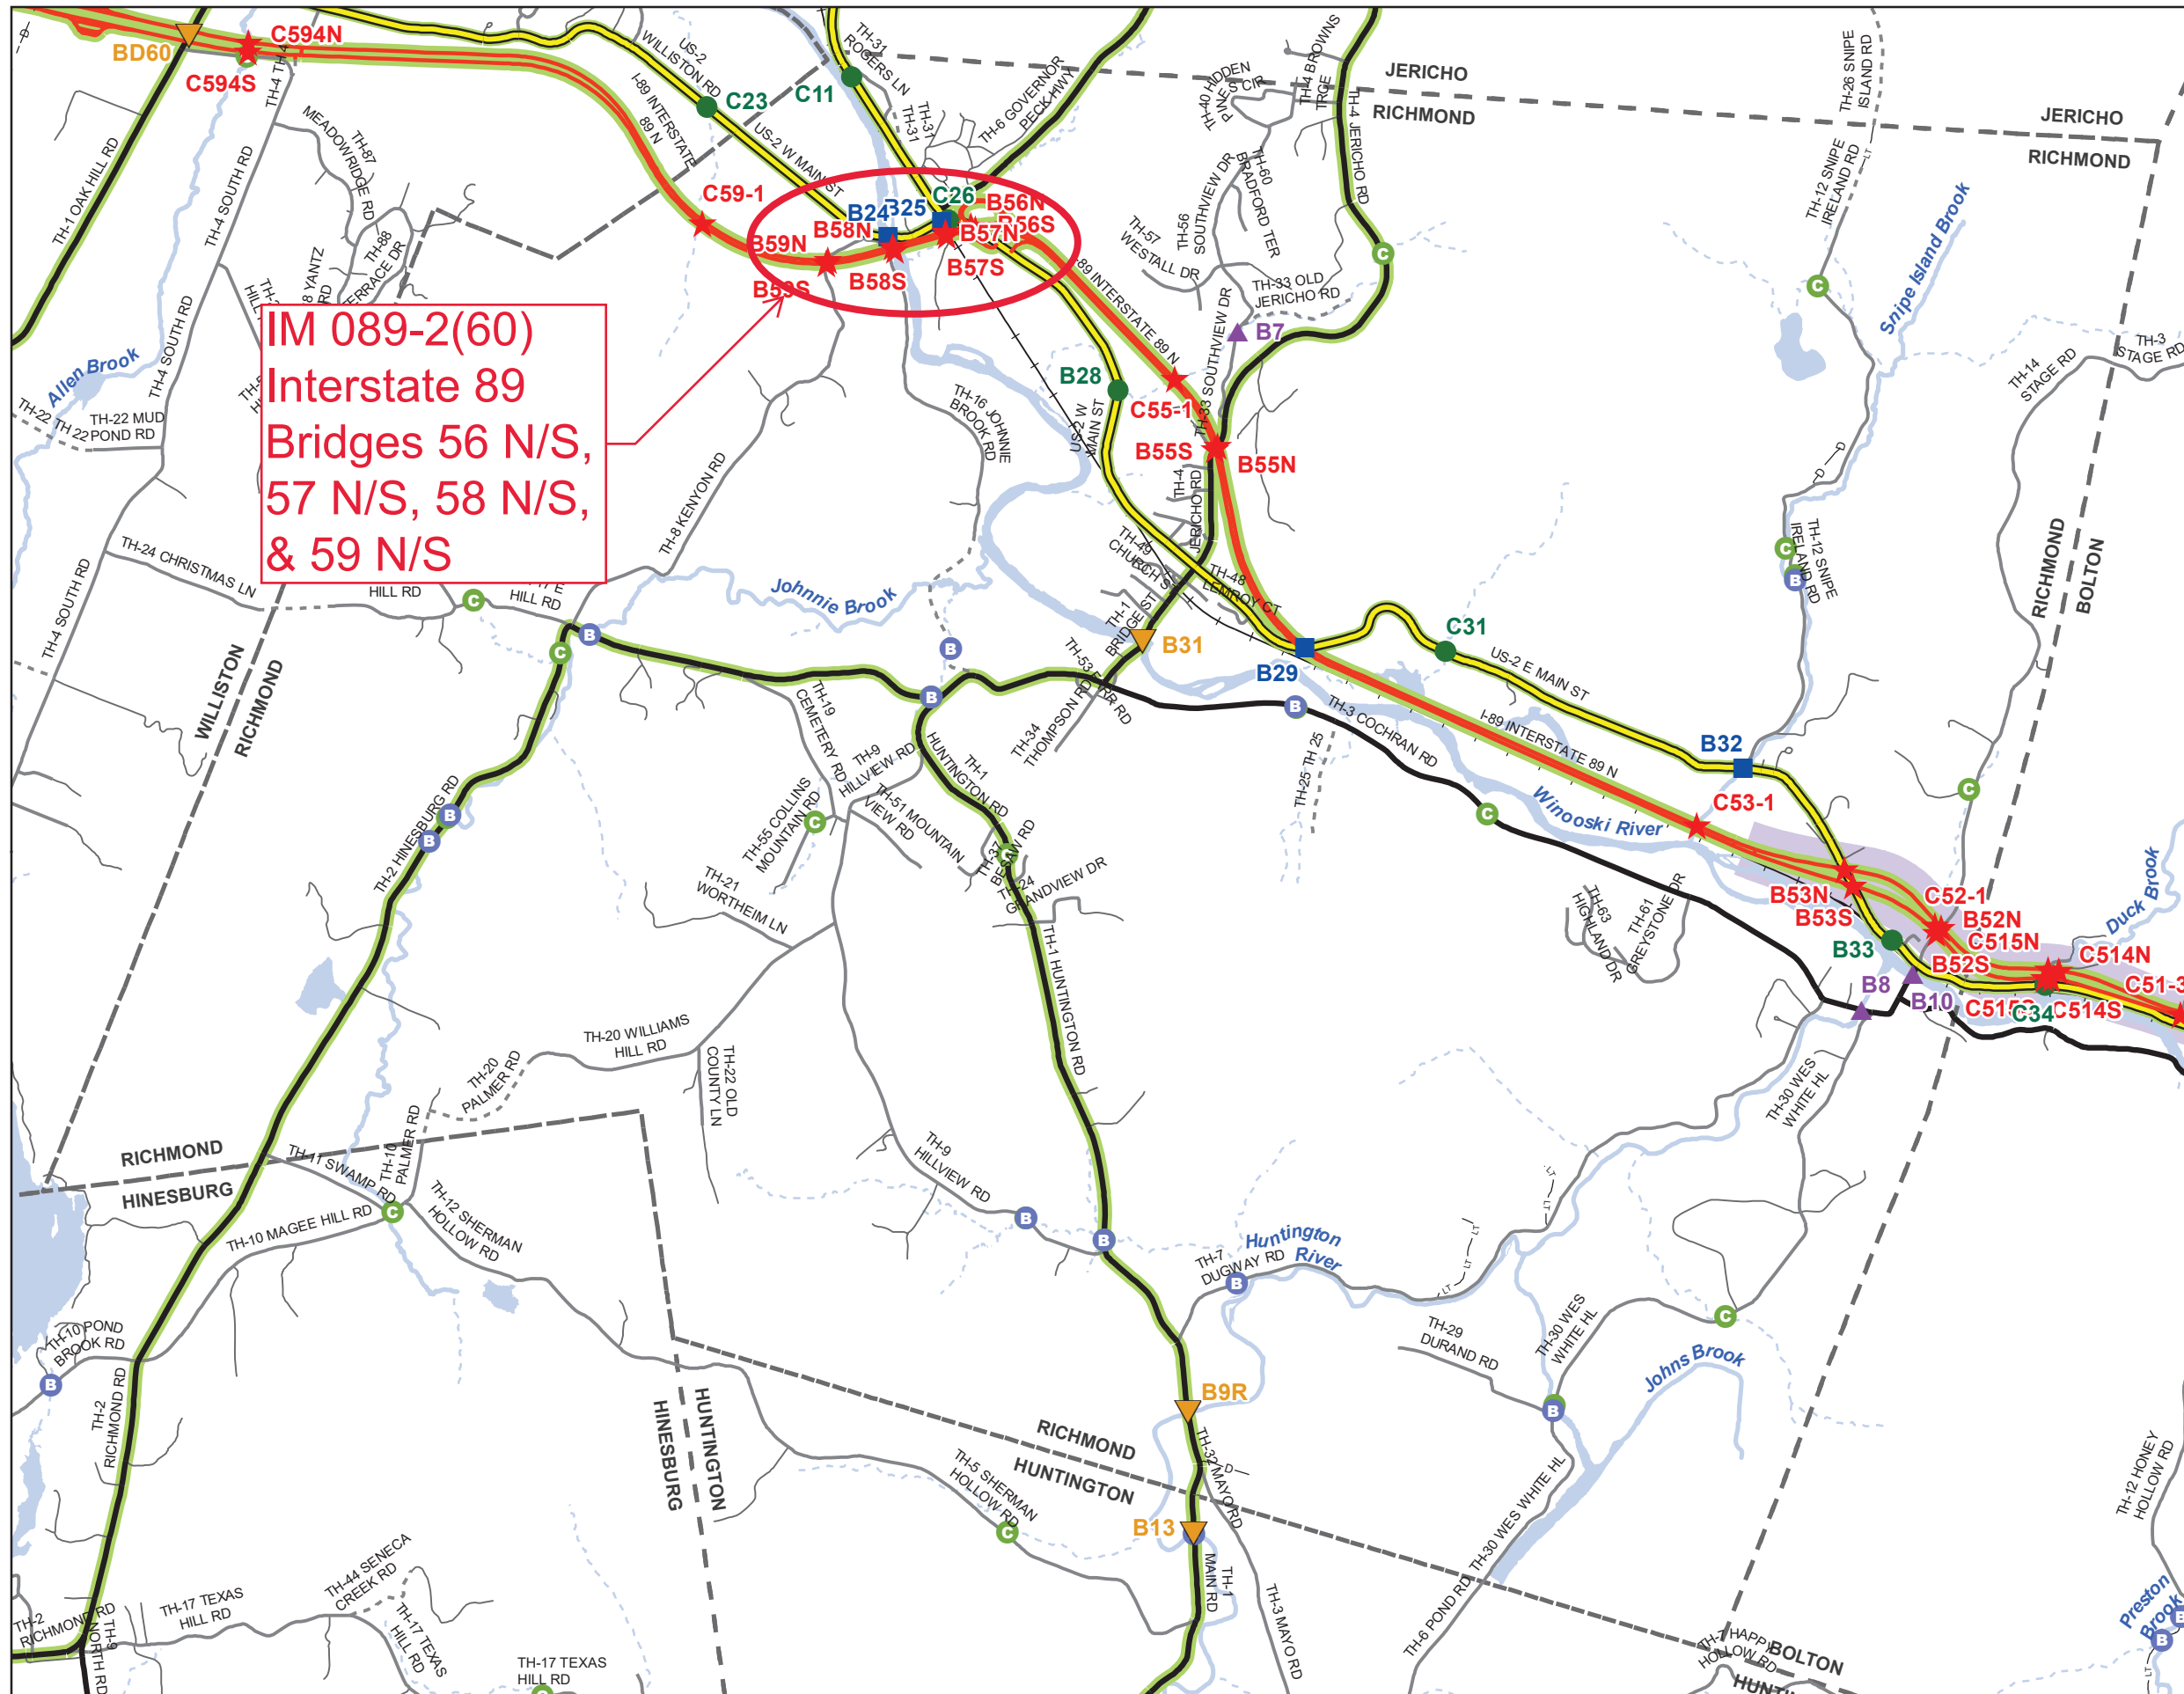

We would recommend that you also utilize the Chittenden County Regional Planning Commission (CCRPC) and the planning commissioner as resources to assist with this.

Please return this by July 24<sup>th</sup>, 2024 so that we may include it in the development of the project. Or let Laura Stone know to push back the scheduled date.

Thank you for your time and assistance.
