

Town of Richmond

Town Center and Library Committee

May 8, 2024

Election of officers: Lisa = chair, Adam = secretary (although Adam needs to pass this to someone else). All in favor.

Meeting: 2nd and 4th Wednesdays at 7:00-8:30 p.m.

Business: Unanimous agreement that the Town Center is important to the Town and must be kept in service

Reviewed past work by previous TC&L Committee

We believe that our mandate is to reduce cost

Much discussion about how to reduce cost; this is one of the goals for BRD

Consider deferring work on P.O.; Defer roof reinforcement? Solar panels? How much savings?

We agreed that any extension of existing building, or addition to it, or any separate building on the site, is unfeasible

Some discussion about how to keep the public informed of our progress; considering mailings to public

Need authorization from SB to hire BRD. Town has a quotation for their services

Considering a request that SB sequester all the unallocated ARPA funds for use on this project
